

Add Ons

Can be added on to any facial treatment

High Frequency - (10 Min)

R 50

Anti-bacterial & germicidal. Assists with oiliness & breakouts. Reduces inflammation & sensitivity.

Galvanic - (10 Min)

R 50

Allows for deeper penetration of the products to enhance the effectiveness of the treatment overall.

Dermapen

Dermapen is the process of using multiple fine needles to vertically pierce the skin in rapid succession. These micro wounds promote epidermal healing which initiates the skin's natural healing process, which stimulates the production of collagen & elastin. It offers corrective benefits & is the optimal choice in preventative skincare.

**Wrinkles | Frown Lines | Crows Feet | Dark Circles
Age Spots | Sagging Skin | Smile Lines | Thin Lips
Neck Bands | Acne | Acne Scars | Stretch Marks**

FREE

Single Session - (60-75 Minutes) - per area

R 850

Course of 3 - (R700 per session)

R2100

Course of 6 - (R600 per session)

R3600

Dermaplaning

Dermaplaning is the quickest & easiest way to remove the vellus hair on your face (peach fuzz). It has instant brightening effects & removes the layer of pesky dead skin which in turn creates a more even appearance & allows for a smoother make-up application.

Dermaplaning - (60 min)

R 450

Course of 6 - (R400 per session)
